

...the Aquaslim Squared Tank

Our unique range of rectangle Tanks - from 1000-2500 Litres

After perfecting our original Slimline shaped tank in 1982, we have now created the 'Slimline Squared' by 'squaring' off the ends of the slimline shape. Besides maximising your available space and giving a very modern look for any application, the advantage of these tanks is the ability for them to be interlinked in a row of tanks with large diameter connections which allows a more effective water flow.

Locally manufactured in Victoria, Slimline Tanks have got over 30 years of manufacturing experience. We'd love to help you to choose an awesome looking Colorbond tank for your house or project.

These are some of our square ended tanks up to 2500 Litres... but we go heaps bigger. And we also custom build to almost any dimension. If these sizes don't suit your space perfectly, give us a call and we'll make one to suit you, with or without the square ends.

AQUASLIM SQUARED 1000 Litre Options

	Length	Width	Height
AQUASLIM SQUARED 1005A	1.45	0.55	1.57
AQUASLIM SQUARED 1005B	1.20	0.55	1.87
