

...the Aquaslim Tank

Our "slimmest" Slimline Tanks — ranging from 1000 to 2500 Litres

The Aquaslim range of slimline tanks up to 2500 Litres are perfect for those awkward spots where there is not much space, and can be made as narrow as 450mm wide. In a tight spot this can make the difference whether you can walk down the side of your house past your tank or not.

Locally manufactured in Victoria, we have got over 30 years of manufacturing experience. We'd love to help you to choose an awesome looking Colorbond tank for your house or project.

These are some of our standard sized tanks under 2500 Litres... but we go heaps bigger. And we also custom build to almost any dimension. If these sizes don't suit your space perfectly, give us a call and we'll make one to suit you.

AQUASLIM 1000 Litre Options

	Length	Width	Height
